Texas Department of Housing and Community Affairs
2016 Competitive (9%) Housing Tax Credit ("HTC") Program
Pre-Application Submission Log

The Pre-Application log is organized by region and subregion, except for the At-Risk and USDA Set-Asides. Applicants selecting the At-Risk/USDA Set-Asides are listed first and are organized by score rather than by region. Where scores indicate a tie between more than one application in a subregion or set-aside, no representation is made regarding how the applications would be ranked after applying the tie breaker factors in the Qualified Allocation Plan. The Department plans to post the complete version of each pre-application shortly. The following data was compiled using information submitted by each applicant. This data has not yet been reviewed or verified by the Department and errors may be present. Those reviewing the log are advised to use caution in reaching any definitive conclusions based on this information alone. Applicants are encouraged to review 10 TAC §§10.2(b) and 11.1(b) concerning Due Diligence and Applicant Responsibility. A more complete log will be posted subsequent to completion of staff pre-application reviews. Applicants that identify an error in the log should contact Sharon Gamble at sharon.gamble@tdhca.state.tx.us as soon as possible.

The following scoring categories are NOT included in the "Self Score Total" column:
