				You just had Mr. Brophy, Mr. Gormley, and Eva Bonilla spear regarding Azalea West and in general about the awarding of points to them by staff. I am "against" the staff's awarding of points. Further, I am registered to speak in opposition of staff awarding points to Azalea West. However, due to you determination to allow one additional speaker for each side, wish to submit my opposition for the record. 1. I feel the lawyers and Eva represented my points very well. 2. I make a additional point regarding the work of Azalea West. The developer does not simply make an error in checking a box of your form. Rather, they seek exception to a multitude of code and regulations from Fort Worth to Austin. These exception at various committees seem indicative of a broader disdain for following the rules and codes as passed by your agency and others. In sum, I encourage the board to adhere to its	of of of of ff cur I ne on ne on os
