

2006 Housing Tax Credit Site Demographic Characteristics as of 11/10/2005*

*Updated 2/7/2006 to reflect the 2006 USDA Eligible Area List

Place Level - Sorted by Region then Place

Notes:

- (1) As described in the Regional Allocation Formula and Affordable Housing Need Score methodologies published in the State Low Income Housing Plan, applicants may petition TDHCA to update the "Rural" designation of a place within a metropolitan statistical area by providing a letter from a local official. Such letter must clearly indicate that the place has an incorporated area boundary that touches the boundary of another place with a population of over 20,000. Such petitions should be submitted to the TDHCA Division of Policy and Public Affairs via email at info@tdhca.state.tx.us or fax at (512) 475-3746. To treat all applicants equitably, such letter must be provided to TDHCA prior to the commencement of the pre-application submission period for HTC applications. The results of such petitions will be posted on the HTC application updates portion of the website at <http://www.tdhca.state.tx.us/lihc.htm> and any changes to the area designations will be e-mailed to the applicant contact e-mail addresses as listed in the application.
- (2) QAP 50.9(i)(10)
- (3) QAP 50.9(i)(14)
- (4) QAP 50.5(a)(7). HTC Unit Data is based on Board approvals through 11/10/2005. Population data is based on Texas State Data Center 04 Population Estimate.
- (5) While the per capita ratio is less than 2, the place is located in a CDP which defaults to the county status.
- (6) While the per capita ratio exceeds 2, the place is located in a CDP which defaults to the county status.
- (7) A site located outside the boundaries of a place (as designated by the U.S. Census) will use the Affordable Housing Need Score of the place whose boundary is closest to the site.
- (8) A site located outside the boundaries of an incorporated place will use the county HTC per capita. The HTC per capita status of the Census Designated Places (CDP) shown in the table below is based on the county per capita.
- (9) If information for a specific place is not included in the table, then contact TDHCA's Division of Policy and Public Affairs at (512) 475-3976. All other questions relating to scoring an application should be submitted in writing to Jennifer Joyce via email at jennifer.joyce@tdhca.state.tx.us.
