**GENERAL DESCRIPTION**

Auditor III (B19)

Plans and performs complex program and financial monitoring reviews of federal and state programs to determine compliance with applicable federal, state and local laws, rules, regulations and policies. Work involves the examination, investigation and review of records, reports, financial statements and management practices; Composes and distributes letters and reports detailing problems, findings and concerns regarding assignments. Analyzes fiscal information, program data and reports, and other sources to determine existing or potential areas of risk. May interpret and apply program requirements, legal decisions and departmental rulings. May participate in the Department’s single audit and previous participation process. Works in a team peer review and interaction environment with minimal supervision with extensive latitude for the use of initiative and independent judgment.

**SPECIFIC JOB FUNCTIONS**

- Conducts in-depth on-site and desk reviews of assigned contractors to determine compliance with federal and state and program requirements
- Verifies the allowability and reasonableness of program expenses under all applicable conditions of the grant award
- Performs procedures to verify accuracy and conformance of subrecipient’s accounting records.
- Observes subrecipient’s operations and internal control systems to ensure adequacy and compliance with legal regulations.
- Responsible for analyzing data determined from reviews, internal reports, and other information
submitted to the Department to determine existing or potential areas of financial/program risk

- Examines records and interviews contractors to ensure recording of transactions and compliance with laws and regulations
- Provides training and technical assistance to subrecipients and contractors through reviews, workshops, correspondence and telephone contact
- Prepares and reviews monitoring reports which address findings of non-compliance, required corrective actions and recommendations, and tracks resolution of deficiencies identified for all contracts reviewed
- Reviews necessary information to resolve noncompliance issues.
- Prepares other reports as necessary, including management reports, monthly summaries and questioned costs reports
- Assists in developing monitoring objectives to ensure compliance with federal, state and program requirements.
- Assists in developing and evaluating monitoring tools, checklists, programs and objectives. Researches legal, technical or policy issues as needed
- Assists in developing and improving policy and standard operating procedures. Recommends changes in procedures and presents justification for recommendations
- May perform special reviews.
- May participate in the Department's single audit and previous participation process.
- Tracks monitoring information on Department databases
- Performs related work as assigned
- Responsible for becoming fully knowledgeable of the Department's Enterprise Risk Management Program and its affect in the Compliance Division, including performing risk assessments of the division's high impact processes and identifying and communicating controls to mitigate unacceptable risks.
- Must be able to travel as needed, no less than 25%

MINIMUM EDUCATION AND EXPERIENCE REQUIREMENTS

- Graduation from an accredited four-year college or university with major course work in accounting, business administration, computer or management information systems, or a related field is generally preferred. Experience and education may be substituted for one another
- NCRI or ROMA certification preferred
- Experience with CSBG and LIHEAP programs is preferred
- Experience in accounting, auditing and data processing
