## **State housing agency makes \$96,000 investment in Carrollton through homebuyer assistance**

(AUSTIN) — The Texas Department of Housing and Community Affairs (TDHCA) today announced a \$96,000 award to the City of Carrollton to assist eligible residents with the purchase of their first home, providing greater stability to area low income families and a shot in the arm to the local economy.

Carrollton officials estimate that the award will help provide five local residents with down payment and closing cost assistance, helping them achieve the American Dream of homeownership.

“This is exciting news for any resident who was afraid that homeownership was beyond their reach,” said Michael Gerber, TDHCA Executive Director in making the announcement. “This is a great occasion for Carrollton, and I hope anyone who is eligible to apply for these funds takes advantage of this opportunity.”

“Promoting homeownership is a critical mission of the Department, as it brings greater stability to families and can help revitalize entire neighborhoods,” Gerber added. “In addition, the economy will also benefit from an increased tax base which can lead to greater redevelopment activities and increased services at the local level. We are proud to contribute to an improved quality of life for the residents of Carrollton.”

TDHCA awards homebuyer assistance funds to eligible applicants through the Department’s HOME Investment Partnerships (HOME) Program, which helps provide down payment and closing cost assistance to qualifying first time homebuyers. Eligible households may receive loans up to \$20,000 for down payment and closing costs in the form of a second or third lien, 0 percent interest, 10-year deferred forgivable loan.

Eligible applicants include qualifying units of local government, public housing authorities, Community Housing Development Organizations and other nonprofit groups, and qualifying for-profit organizations which then work with eligible households at the local level.

The U.S. Department of Housing and Urban Development is the funding source for the HOME Program. The program serves households earning no more than 80 percent of the area median family income, which for Carrollton and the Dallas-Denton-Collin region equals an annual income of \$54,100 for a family for four.
