

Unified Weatherization Elements Notification Form

Lead Hazard

Occupant Confirmation

Pamphlet Receipt - I have received a copy of the lead hazard information pamphlet informing me of the potential risk of the lead hazard exposure from renovation activity to be performed in my dwelling unit. I received this pamphlet before the work began.

Printed Name of Owner-occupant

Signature of Owner-occupant

Signature Date

Renovator's Self Certification Option (for tenant-occupied dwellings only)

Instructions to Renovator: If the lead hazard information pamphlet was delivered but a tenant signature was not obtainable, you may check the appropriate box below.

_____ Declined – I certify that I have made a good faith effort to deliver the lead hazard information pamphlet to the rental dwelling unit listed below at the date and time indicated and that the occupant declined to sign the confirmation of receipt. I further certify that I have left a copy of the pamphlet at the unit with the occupant.

_____ Unavailable for signature – I certify that I have made a good faith effort to deliver the lead hazard information pamphlet to the rental dwelling unit listed below and that the occupant was unavailable to sign the confirmation of receipt. I further certify that I have left a copy of the pamphlet at the unit by sliding it under the door or by (fill in how pamphlet was left).

Printed Name of Person Certifying Delivery

Signature

Date

***Note Regarding Mailing Option** — As an alternative to delivery in person, you may mail the lead hazard information pamphlet to the owner and/or tenant. Pamphlet must be mailed at least seven days before renovation. Mailing must be documented by a certificate of mailing from the post office.

Identification of a Mold-Like Substance

The Weatherization Assistance Program is not a mold remediation program. The use of DOE funds for mold testing is not an allowable weatherization cost. However, limited water damage repairs that can be addressed by weatherization workers and correction of moisture and mold-creating conditions are allowed when necessary in order to weatherize the home and to ensure the long term stability and durability of the measures. Where severe mold-like and moisture issues cannot be addressed, a deferral is required. If necessary, weatherization services may need to be delayed until the existing problem(s) can be resolved.

_____ A Mold-Like Substance HAS Been Detected

_____ A Mold-like Substance was NOT Detected with the Monitoring Equipment Present

Agency Auditor / Estimator signature

Date _____

State Historic Preservation

_____ The unit to be weatherized is not subject to the State Historic Preservation requirements as per the MOU.

_____ The unit requires formal submission to the State Historic Preservation Office for review and approval.
